**DETAILED ACTION**

***Allowable Subject Matter***

1. Claims 1, 2, and 4-10 are allowed.
2. The following is an examiner's statement of reasons for allowance:
  - With respect to claims 1 and 10, the primary reason for allowance is because the Prior Art does not disclose a system with the limitations of claims 1 and 10, respectively, and where the PN voltage corrector provides the PN voltage correcting factor by dividing the DC voltage reference value by the DC voltage detection value, and sets a predetermined maximum value of the PN voltage correction factor as the PN voltage correction factor when the DC voltage detection value is zero or less.
3. Therefore, based on the arguments and amendments presented by the Applicant, the Examiner acknowledges the Prior Art fails to make obvious the Applicant's claimed invention.
4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
